## COVID-19 IMPACTS

---

- Considered an essential business as a provider of critical infrastructure services.
- Remain committed to serving our customers and are responding and adhering to any new or heightened job-site requirements and guidelines to protect our front-line field employees.
- Enacted measures to maintain safe, efficient, and resilient business operations during the pandemic, adjusting operations as needed.
- Project execution and bidding opportunities have remained active to date.
- T&D work activity primarily consists of small to medium-sized projects, and we continue to execute routine maintenance work under long-term MSAs. Drivers for T&D spending remain intact thus far.
- Most C&I projects remain operational, though social distancing and other project restrictions are limiting project workflows and extending project schedules. We believe the primary markets we serve may be somewhat less vulnerable to economic slowing, such as healthcare, transportation, data centers, warehousing, renewable energy and water projects.
- Entered 2020 with record backlog and further increased backlog in the third quarter.
- Stimulus packages and infrastructure bills could promote increased spending.
- Strong balance sheet with \$310.4M in availability under our credit facility, funded debt to LTM EBITDA leverage of 0.6x and management has continued to focus with heightened scrutiny on controlling costs and capital expenditures in these uncertain times

## COVID-19 IMPACTS

---

Since March of 2020, the COVID-19 pandemic has had a significant impact on the global economy, including the US and Canadian economies. As the situation continues to evolve, the Company is closely monitoring the impact of the COVID-19 pandemic on all aspects of our business, including how it impacts our customers, subcontractors, suppliers, vendors and employees. The COVID-19 pandemic caused a slowdown of certain projects due to specific state, local, municipal and customer mandated stay-at-home orders and new project requirements that were established to protect construction workers and the general public, most of which have impacted our C&I segment. Although the majority of stay-at-home orders have been phased-out, we are still experiencing impacts associated with the COVID-19 project-specific protocols. We expect the project-specific requirements to remain in place which will continue to impact project schedules and workflow going forward.

## EBITDA RECONCILIATION

(\$ In Millions, Except Per Share Amounts)\*

	2016	2017	2018	2019	LTM 9/30/2020
Net Income	\$ 21.4	\$ 21.2	\$ 31.3	\$ 36.2	\$ 53.4
Interest Expense, net	1.3	2.6	3.6	6.2	\$ 5.7
Income Tax Expense	16.9	3.5	11.8	14.2	\$ 21.0

EBITDA per Diluted Share	\$ 4.51	\$ 3.99	\$ 5.22	\$ 6.06	\$ 7.54
Revenue	\$ 1,142.5	\$ 1,403.3	\$ 1,531.2	\$ 2,071.2	\$ 2,210.5

EBITDA is a non-GAAP financial measure that is defined as Earnings Before Income Taxes, Depreciation and Amortization.

**Note:**

LTM diluted weighted average shares outstanding were determined by adding the average shares reported for the last four quarters and dividing by four.

EBITDA is not recognized under GAAP and does not purport to be an alternative to net income as a measure of operating performance or to net cash flows provided by operating activities as a measure of liquidity. EBITDA is a component of the debt to EBITDA covenant that we must report to our bank on a quarterly basis. In addition, management considers EBITDA a useful measure because it eliminates differences which are caused by different capital structures as well as different tax rates and depreciation schedules when comparing our measures to our peers' measures.

## FINANCIAL RATIO DEFINITIONS

---

$$\frac{\text{Net Income (LTM) [A] + [Net Interest Expense * (1-Effective Tax Rate)]}}{\text{[Book Value (Total Stockholders' Equity [B]) + Net Funded Debt] @ beginning of LTM}}$$
  
= **Return on Invested Capital**

$$\frac{\text{EBITDA (Earnings before Interest, Taxes, Depreciation, \& Amortization)}}{\text{Revenue}}$$
  
= **EBITDA Margin**

[A] Net Income excludes noncontrolling interest and discontinued operations

[B] Total Stockholders' Equity excludes minority interests and discontinued operations

Three year averages are derived from calculating the return metric for each twelve month period and then averaging the three period metrics
