MYR GROUP ANNOUNCES RESULTS OF CAPITAL ALLOCATION REVIEW**Board Approves \$75 Million Increase to Share Repurchase Program and Implementation of New Financing Strategies to Support a Significant Portion of its Future Equipment Needs****Company Provides Update on Engine Capital, Including MYR Group's Offer to Add New Independent Director to the Board**

Rolling Meadows, Ill., February 10, 2016 – MYR Group Inc. (“MYR Group” or the “Company”) (NASDAQ:MYRG), a leading specialty contractor serving the electrical infrastructure market in the United States and Canada, today announced that its Board of Directors has authorized an increase to its existing share repurchase program from \$67.5 million to \$142.5 million. In addition to increasing the size of the program, the MYR Group Board has approved provisions designed to accelerate the pace of share repurchases, increase flexibility for repurchases by raising per share pricing thresholds, and has extended the program through April 30, 2017. As part of the capital review, the Board has also approved new financing strategies to support the Company's equipment needs.

The MYR Group Board regularly reviews the Company's business and capital allocation to ensure MYR Group is best positioned for growth and value creation. The decision to increase the size and pace of the Company's share repurchase authorization and implement new financing strategies follows such review conducted by the Board with the assistance of outside financial advisors as well as discussions with MYR Group shareholders.

Bill Koertner, MYR Group's President and CEO, said, “We are committed to driving value for all MYR Group shareholders and directing capital to investments that generate the greatest returns. Today's announcement reflects the Board's confidence in the Company's long-term strategy and our belief that MYR Group's stock at current levels represents an attractive investment opportunity. In addition, we believe we can achieve significant benefits for the Company and its shareholders by utilizing additional financing alternatives for securing equipment.

“MYR Group's three-pronged approach to capital allocation – including investing in organic growth, strategic acquisitions, and capital returns – has driven strong financial performance. Indeed, MYR Group has outperformed many of our peers with respect to fundamental return metrics such as Return on Assets, Return on Invested Capital, and Return on Equity. MYR Group has a strong balance sheet that enables us to support our core business, while at the same time, capitalize on internal and external growth opportunities in the current environment. We will continue to be disciplined with respect to the allocation of capital, and we are confident that we are taking the right steps to grow the Company and create greater shareholder value,” continued Mr. Koertner.

\$75 Million Increase to the Share Repurchase Program

After considering a range of capital return options, the Board determined that the \$75 million increase in the share repurchase program and additional provisions designed to accelerate the pace of the program is optimal as it provides a meaningful return of capital to shareholders, while at the same time preserving the Company's financial flexibility and strength to grow.

Completion of the \$142.5 million share repurchase program, which includes the new authorization and previously authorized \$67.5 million repurchase program, will represent a significant reduction of MYR Group's outstanding shares and be accretive to earnings per share. The Company has repurchased approximately 2.2 million shares under the program (approximately \$50 million) since May 12, 2014, including approximately 374,000 shares (approximately \$7.2 million) acquired since the beginning of the year.

Repurchases may be made from time to time by the Company's broker in open market transactions in accordance with a trading plan established by the Company and federal securities laws. The Company intends to fund the repurchase program from cash on hand and through borrowing under its credit facility and any shares repurchased will be returned to unissued authorized shares. The Company has no obligation to repurchase shares under this program and may suspend or terminate the program at any time.

New Financing Strategies

In connection with the Company's new financing strategies, MYR Group intends to enter into various alternative financing arrangements, including leasing to finance at least half of its future equipment and other asset additions. MYR Group expects these changes to better optimize the Company's balance sheet and expects the increased free cash flow resulting from the new financing activities to be used to support the Company's growth initiatives and share repurchase program.

Engine Capital

The MYR Group Board and management team are committed to serving the best interests of the Company and all MYR Group shareholders.

In an effort to avoid a costly and distracting proxy contest, members of the Board and management team have been in discussions with Engine Capital and offered to enter into an agreement with Engine Capital that included the addition of one of Engine Capital's director nominees or one mutually agreed independent nominee should customary screening by the Board's Nominating and Corporate Governance Committee determine that the Engine Capital nominees did not satisfy the criteria for service on the Board.

Engine Capital rejected the Board's offer, demanding that the Company appoint two of Engine Capital's nominees to the MYR Group Board and that the Company publicly announce a price discovery process for the potential sale of the Company. While the MYR Group Board does not believe that Engine Capital's proposal, at this time, is in the best interest of the Company and MYR Group shareholders, the MYR Group Board remains open to reaching an agreement that serves the best interest of the Company and all MYR Group shareholders.

The MYR Group Board of Directors is open to all value creating opportunities. However, the Board believes that pursuing Engine Capital's proposal could compromise the Board's ability to deliver to shareholders the full value for their investment. The Board will continue to fulfill its fiduciary duties and to take all appropriate actions to serve and protect the interests of MYR Group and its shareholders.
